INTRODUCTION

WIC is the Women, Infants and Children's Supplemental Nutrition Program for pregnant, postpartum, or breast-feeding women, and infants and children who are determined to be at nutritional risk by a medical professional. This program is administered by the Tennessee Department of Health.

CSFP, the Commodity Supplemental Food Program, is also administered by the Tennessee Department of Health. The program is designed to provide nutritious supplemental foods to low-income pregnant and breastfeeding women, and infants, and children, as well as men and women age 60 or over who have an inadequate diet. Approximately, 15,000 participants receive CSFP benefits in three counties - Dyer, Davidson and Shelby. Persons certified for CSFP may not participate in the WIC Program during the same period of time.

FMNP is the Farmers Market Nutrition Program (FMNP) which provides fresh, unprocessed, Tennessee-grown produce (fruits, herbs, and vegetables) to WIC and CSFP participants. In addition, the program serves low income seniors in selected counties. FMNP expands the awareness, use of and sales at Tennessee farmers market locations. The Tennessee Department of Health administers the FMNP.

The goals of the Farmers Market Nutrition Program are to increase the consumption of fresh fruits and vegetables and to expand the awareness and use of produce grown by Tennessee farmers.

The WIC and Senior FMNPs provide participating families with vouchers to purchase fresh, unprocessed, Tennessee grown produce at authorized farmers' market locations. Vouchers are used to purchase produce from farmers who have completed a special training program and have been authorized by FMNP to accept vouchers. Authorized farmers validate the vouchers with a stamp provided by the Department of Health and deposit vouchers in their bank account for payment.

HOW CAN FARMERS BENEFIT? The FMNP can provide new customers and increased sales. Many WIC and Senior participants have never shopped at a farmer's market before receiving these vouchers. Many of the FMNP participants come to the farmers market for the first time and say they would return, even without vouchers to spend.

Farmer Authorization

Farmer authorization is not in effect and vouchers are not to be accepted until the farmer

- completes an authorized application,
- receives training and a copy of the farmer handbook,
- receives the applicant copy of the farmer agreement signed by both parties, and
- receives a vendor stamp and vendor identification signs.

Farmer authorization expires on Dec 31st of each year of issuance. Individuals must annually apply for and receive farmer authorization in order to participate in the FMNP/SFMNP.

The program does not limit the number of vendors who may become authorized under FMNP/SFMNP. A farmer authorized to accept program vouchers may accept vouchers at any established farmers market in the state, depending upon acceptance by the local market.

Eligible foods are those fruits, vegetables and herbs listed on the approved food list and must be grown in Tennessee. The authorized farmer must have personally grown at least 51% of the eligible foods for sale.

A farmer who satisfies the following criteria shall be authorized to accept vouchers:

- Resides and grows eligible foods within Tennessee borders;
- Meets the eligibility requirements based on the information submitted in a completed application to the program;
- Submits a completed and signed authorization agreement to the authorizing agency;
- Indicates the intent to participate in the program for a majority of the season. . Agrees to notify the authorizing agency if operations cease at which time the farmer must return the State of Tennessee FMNP/SFMNP Stamp to the authorizing agency. If the selling farmers market location changes during the season, the farmer must notify the authorizing agency. At the discretion of the Vendor Representative, a new application may need to be submitted, noting the new farmers market location, and a new agreement may need to be signed.
- Provides information requested for reporting to the USDA; for example, cooperating with the program in the evaluation of each season by completely and accurately responding to a survey;
- Provides suitable hours and environment for FMNP/SFMNP participant access, and offers participants any courtesies offered other customers: acknowledges and complies with USDA nondiscrimination provisions: that standards for participation in FMNP/SFMNP are the same for everyone regardless of race, color, national origin, sex, age, or disability;
- Agrees to prominently display an authorized farmer identification sign stating participation in the FMNP/SFMNP. The sign should be removed when eligible foods are sold out. The current approved food list should be available. Immediately informs the authorizing agency in the event of loss, destruction, or theft of the authorized vendor identification sign or the authorized vendor identification stamp so that a replacement can be issued;

- Accepts vouchers only in exchange for Tennessee-grown produce as listed on the approved food list at the farmer's market location. The voucher should be properly completed and signed by the participant or proxy at the time of sale. The signature on the voucher that is presented must be compared to the signature on the voucher folder;
- Agrees that prices charged to participants for eligible foods shall be the same or lower as prices charged to other customers, except that sales tax will not be charged for foods purchased with vouchers;
- Agrees not to issue cash change for purchases that are in an amount less than the value of the FMNP/SFMNP voucher;
- Agrees to accept vouchers as payment for eligible foods only if voucher is presented in the month and year printed on the face of the voucher. Agrees to stamp each transacted voucher with the authorized vendor number prior to voucher deposit. Agrees to submit vouchers for payment within 30 days from the last day valid printed on the face of the voucher;
- Agrees not to attempt to seek reimbursement from FMNP/SFMNP participants in connection with the negotiation of a voucher not paid by FMNP/SFMNP ;
- Grants the FMNP/SFMNP the right to collect any claims of reimbursement due to error, negligence, or fraud;
- Participates in the training on FMNP/SFMNP rules and procedures through attendance in an entire session of one of the training meetings conducted by the program staff. Takes responsibility for properly training and informing employees/helpers of obligations to the FMNP/SFMNP, and is accountable for the actions of his/her employees/helpers.
- Agrees to be monitored at selling and/or growing sites for compliance with FMNP/SFMNP requirements, including both overt and covert monitoring, and to provide directions to growing sites upon request of program staff.
- Acknowledges that non-compliance with clauses contained in this section may result in sanctions being issued by the FMNP/SFMNP according to the Farmer Sanction Procedures section of the FMNP/SFMNP Farmer Handbook; and
- Acknowledges that a farmer who commits fraud or abuse of the program is liable to prosecution under applicable Federal, State or local laws. Under 7 CFR Part 248 and Part 249 of the federal regulations, those who have willfully misapplied, stolen or fraudulently obtained FMNP/SFMNP funds shall be subject to a fine of not more than \$10,000 or imprisonment for not more than five (5) years or both.

IMPORTANT THINGS TO NOTE ABOUT THE FMNP VOUCHER

Month Valid – The local health department or clinic issues vouchers to participants. (Sample voucher is on page 11.) The valid month is reflected on each voucher. Therefore, it is important to make sure that the participant is redeeming the current month's voucher. **Accept only vouchers for the current month and year!** Any voucher redeemed out of the valid month will not be paid. Fill in the date redeemed immediately upon receipt.

A voucher can be redeemed for only fresh, unprocessed, Tennessee-grown produce listed on the FMNP Food List. **No substitutions allowed!**

The redemption amount is the price of the total items purchased at the time of the transaction not including the sales tax. **Sales tax should not be charged!** Enter this amount in exact dollars and cents. This is the amount of money the bank will pay on the voucher. **No change will be returned and no credit due given. No voucher can be redeemed for more than \$5.00.**

The signature on the voucher must match one of the signatures on the folder. **Do not accept the voucher if it has been pre-signed.**

The voucher should never be altered (changed, rewritten or erased) for any reason. Altering a voucher may result in non-payment of that voucher. If a mistake is made on a voucher, hold the voucher and submit it to your FMNP regional contact (listed on page 16) prior to depositing that voucher in the bank.

A voucher must be deposited in the bank within thirty (30) days from the last day of the voucher's valid month and year.

The voucher is void and the bank will return it to the farmer if the dollar amount is over the \$5.00 dollar amount.

A claim for reimbursement will be made if the amount the bank paid on the voucher is incorrect due to error, negligence, or fraud.

VOUCHERS FOR FRUITS AND VEGETABLES

Cash Value Vouchers are issued to women and children on the WIC program. **They are to be used at authorized grocery stores only.** These vouchers are issued monthly on a year round basis for values of \$8 and \$10. They are to be spent on any produce except white potatoes.

Farmers Market Vouchers are issued to women and children on the WIC program and to seniors in specific counties. They are to be used with authorized farmers only. These vouchers are issued only in July and August each year for a value of \$5. They are to be spent on Tennessee-grown produce only.

The bank will deny Cash Value Vouchers (CVVs) taken by farmers. The banking system will only allow the CVVs to be taken by grocery stores.

Please be certain that any voucher you take states,

“VALID ONLY WITH AUTHORIZED FARMER” and “\$5.00 VALUE”

VOUCHER PROCEDURES

When a FMNP voucher is presented, you should follow the procedures listed below. All employees/helpers should be trained before accepting any vouchers. The farmer is accountable for all actions of the farmer's employees/helpers.

Separate the FMNP foods from the other purchases. (See current food list.) Check the foods with the FMNP Food List to make sure that the participant has selected the proper foods. Ring up the FMNP foods before the participant signs the voucher. The redeemed amount and date must be filled out at the time of purchase.

Fill out the farmer section of the voucher following these instructions:

1. The date redeemed (month, day and year). This must be within the valid month/year printed at the top of the voucher.
2. The dollar amount of the FMNP purchase (without sales tax).
3. Have the customer (participant) sign on the signature line only after the "Pay this amount" block has been completed. The signature must match the signature on the voucher folder.
4. Stamp the voucher with your authorized FMNP Farmer stamp assigned to you by the State.
5. The "PAY THIS AMOUNT" must be equal or less than \$5.00.
6. Endorse each voucher on the reverse side.

Note: Date and amounts may be completed by the participant or your employee/helper at the time of the transaction.

Do not accept the voucher if the signature on the voucher does not match the signature on the voucher Folder!!!

The top image is a Tennessee Farmers' Market Nutrition Program voucher. It features a large 'VOID' stamp in the center. The voucher includes fields for the date redeemed (NOVEMBER 2014), the amount paid (\$5.00), and a signature line. The bottom image is a receipt for the voucher, showing the date (NOVEMBER 2014), the amount (\$5.00), and a signature line. The receipt also includes a section for the farmer's information and a section for the participant's information.
